

L^AT_EX to XML/MathML (workshop)

Eitan Gurari
Ohio State University
gurari@cis.ohio-state.edu

Sebastian Rahtz
Oxford University, UK
sebastian.rahtz@oucs.ox.ac.uk

Prerequisites:

Some understanding of the principles of XML.

Description:

This workshop will discuss the translation of L^AT_EX to XML/MathML on an abstract level, and will show

how T_EX4ht can be used for the implementation. In-depth coverage of these topics can be found in the forthcoming book *The L^AT_EX Web Companion*, written by Michel Goosens and Sebastian Rahtz, with Eitan M. Gurari, Ross Moore, and Robert S. Sutor (Addison Wesley Longman, Summer 1999).
