TUGboat editorial information
This regular issue (Vol. 37, No. 3) is the last issue of the 2016 volume year.

TUGboat is distributed as a benefit of membership to all current TUG members. It is also available to non-members in printed form through the TUG store (tug.org/store), and online at the TUGboat web site, tug.org/TUGboat. Online publication to non-members is delayed up to one year after print publication, to give members the benefit of early access.

Submissions to TUGboat are reviewed by volunteers and checked by the Editor before publication. However, the authors are assumed to be the experts. Questions regarding content or accuracy should therefore be directed to the authors, with an information copy to the Editor.

Submitting items for publication
Proposals and requests for TUGboat articles are gratefully received. Please submit contributions by electronic mail to tugboat@tug.org.

The first issue for 2017 will be a regular issue, with a deadline of February 24, 2017. The second 2017 issue will be the proceedings of the TUG’17 conference (tug.org/tug2017). The third issue deadline is September 1.

The TUGboat style files, for use with plain \TeX and \LaTeX, are available from CTAN and the TUGboat web site, and are included in common \TeX distributions. We also accept submissions using Con\TeXt. Deadlines, templates, tips for authors, and more is available at tug.org/TUGboat.

Effective with the 2005 volume year, submission of a new manuscript implies permission to publish the article, if accepted, on the TUGboat web site, as well as in print. Thus, the physical address you provide in the manuscript will also be available online. If you have any reservations about post-print publication, to give members the benefit of early access.

Other TUG publications
TUG is interested in considering additional manuscripts for publication, such as manuals, instructional materials, documentation, or works on any other topic that might be useful to the \TeX community in general.

If you have such items or know of any that you would like considered for publication, send the information to the attention of the Publications Committee at tug-pub@tug.org.

TUGboat advertising

Trademarks
Many trademarked names appear in the pages of TUGboat. If there is any question about whether a name is or is not a trademark, prudence dictates that it should be treated as if it is. The following list of trademarks which commonly appear in TUGboat should not be considered complete.

\LaTeX, \TeX, \AMSTeX, and \METAFONT are trademarks of Addison-Wesley Inc. PostScript is a trademark of Adobe Systems Inc. \LaTeX and \AMSTeX are trademarks of the American Mathematical Society.
