

Table 1: Wild animals of T_EXland¹

Diminutive	Gnat ² Foobug
Fair-sized ³	Armadillo Wumpus ⁴ Borogove
Huge	Gnu ⁵ Jabberwock
Unknown	Grue ⁶

¹ T_EXland is usually travelled by the famous explorer *Dave Walden*;

² First discovered and described by the zoologist Leslie Lamport in 1985;

³ Fair-sized means not smaller than a mouse (the animal, not the pointing device) and not larger than a donkey;

⁴ Beware of the Wumpus: it is both elusive and dangerous;

⁵ First discovered and described by the zoologist Richard Stallman in 1984;

⁶ Grues are exceedingly dangerous, they only occur in the dark, and no one who encountered them lived to tell the tale.
