Lilyglyphs makes the music symbol font provided by LilyPond available as text font and then uses it to define a number of symbols, some of which can be used inline:

- **clefs**: \[ \text{\clef} \]
- **time signatures**: \[ \text{\time} \]
- **accidentals**: \[ \text{\sharp}, \text{\natural}, \text{\flat}, \text{\natural}, \text{\flat} \]
- **rests**: \[ \text{\rest} \]
- **notes**: \[ \text{\note} \]

and much, much more.
