

EXTENDED ATTRIBUTES WINDOW

The Attributes palette should be extended to include 3 new fields,

- Unique Identifier (alpha-numeric),
- object coordinates
- object type (point, ellipse, oval, rectangle, polygon)

PEN TOOL OPTION

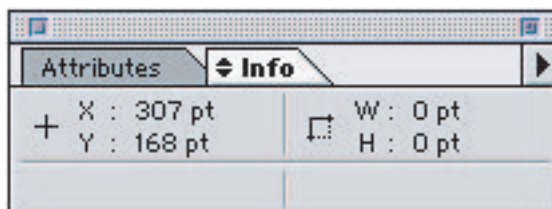

Extend the "Pen Tool" to display a single anchor point (e.g., crosshair) along with its "Unique Identifier" (default sequence numbers 1, 2, 3, ...)

Unique Identifier (alpha-numeric)

Object Type Options

Point
Ellipse
Oval
Rectangle
Polygon

Object Coordinates (from "Show Info" Window)
