

## L<sup>A</sup>T<sub>E</sub>X to XML/MathML (workshop)

Eitan Gurari  
Ohio State University  
[gurari@cis.ohio-state.edu](mailto:gurari@cis.ohio-state.edu)

Sebastian Rahtz  
Oxford University, UK  
[sebastian.rahtz@oucs.ox.ac.uk](mailto:sebastian.rahtz@oucs.ox.ac.uk)

### **Prerequisites:**

Some understanding of the principles of XML.

### **Description:**

This workshop will discuss the translation of L<sup>A</sup>T<sub>E</sub>X to XML/MathML on an abstract level, and will show

how T<sub>E</sub>X4ht can be used for the implementation. In-depth coverage of these topics can be found in the forthcoming book *The L<sup>A</sup>T<sub>E</sub>X Web Companion*, written by Michel Goosens and Sebastian Rahtz, with Eitan M. Gurari, Ross Moore, and Robert S. Sutor (Addison Wesley Longman, Summer 1999).
