Exercise 1

Consider the following C program.

```c
#include <stdio.h>
int main(int argc, char *argv[]) {
    printf("hello, world\n");
}
```
Solutions to the Exercises

Solution 1

Consider the following C program.

```c
#include <stdio.h>

int main(int argc, char *argv[]) {
  printf("hello, world\n");
}
```
